EDUCATION

TURNING DREAMS INTO PLANS.

Making the leap from vision to success takes courage,
and it also takes action. That's where we come in.

Our series, workshops, and groups are designed to empower Iowans who own the drive to pursue entrepreneurship. One-on-one coaching propels each of our clients toward success as we connect them with resources and professionals who make a difference. We encourage leadership, goal-setting, and self-confidence. We facilitate the only SBA Women's Business Center (WBC) in Iowa.

We embolden clients to turn their entrepreneurial spirit into a plan to create and grow their businesses, support their families, and change their communities from the inside out.

CAPITAL

INVESTING IN IOWA'S IDEAS.

Without access to traditional lending, starting or growing a small business is next to impossible. Our loans up to \$50,000, combined with business support, can help hard-working Iowans launch an idea or take an existing business to the next level. We counsel clients on the importance of smart credit use, identify what strategic growth looks like for their business, and help them reach otherwise unattainable goals with the support of our financing.

We oversee the statewide coalition for the Volunteer Income Tax Assistance (VITA) program. This program provides more than 8,000 Iowans access to capital through tax returns.

NETWORKING

CREATING CONNECTIONS THAT MATTER.

It's not just who you know – it's who knows you.

Small businesses are the engine of the economy, so we advocate for them on a large scale. We organize networking opportunities for our clients with other Iowa professionals and link them to niche small business specialists.

We facilitate building strong personal and social relationships while we increase the visibility of Iowa's small business community.
