

Small Business Stories

The **Iowa** Center

Small business cares for the community.

VIBRANT HOME CARE, West Des Moines

Kit and Amanda worked together at a home care services agency. They came to The Iowa Center for a loan and business support to launch and grow their own agency in order to protect access to high quality care for seniors and individuals with disabilities and special needs. The Iowa Center supported Kit and Amanda again when they spun off services into a second company to focus a dedicated care team on patients with brain injury and intellectual disability waivers. Today, Vibrant Homecare and Vibrant SCL are approved to provide services in all 99 counties in Iowa.
